Langdon's class was sure and experience wasn't it? I can't understand how anybody could get so many extra credit. I sure hope you have fun this summer and I wish you the best of luck in the future.

May your dreams all come true, Debbie, is my prayer for you. Now be sure to dream well and not get involved in any nightmares. It is really true that 'as you sow, so shall you reap.' Sow good things in your life.

THE WAVE OF THE FUTURE

is a thesis that we pondered over long hours before we, as a staff, decided to formulate our theme along an avenue of focusing upon the future. Spontaneity and creativity versus automation and coercion provided us with a happy refusal to conform to cranky plans and theories that do not instruct mankind for coping with future events.

The function of life, as we observe it, is to live wholly for concern of people, institutions, and ethics. And consequently, we feel that the purpose of our school and country is to preserve the individual's dignity and esteem so that he may have a sense of accomplishment and honor to live a resourceful life. For resourcefulness is the one quality we all shall need to face the unexpected that life brings.

Ignorance and dependence are two aspects that will not be tolerated by a modern world; therefore, we eagerly hope that our point of view concerning a new wave of instruction and education will awaken all of us to discover that selfish calculations by individuals, groups, and societies will not provide mankind good fortune and simplicity in life.

Be enlightened and continually struggle to face the future and life with a spirit and interest that shall benefit all of us.

The Log Staff wishes all of you, "Good luck in all future endeavors."

Extra Effort

Luther clears a path

Extra point

Many people only see the glamour of the high school football player, either in watching the Mariners in their Friday night heroics or else seeing them seated placidly in front of a wildly cheering pep assembly.

The spectators see the final product, perfected by hours of sacrifice and the endless repetition of drills and plays. Winning and losing will often depend on a strange bounce of the football or a slip on the wet turf.

The beginning of the season held many promises of a good year ahead, a well balanced, swift offense, one of the toughest defenses in the league and impressive scrimmages with out-of-league teams. In their first game they showed their potential by beating vastly improved Marian football team in a tight defensive battle. The spell lasted until the last minute of the Coronado - MV game, when with the Mariners leading 6-0, then fumbled and permitted a quick touchdown to give the Islanders a fluke victory.

From that point on bad luck plagued Mar Vista, but the players never lost their poise or fight, a fact that gave the Mar Vista fans reason to be proud in spite of defeat. Two of the best played games, by the Mariners, were against the Barons and the Spartans, with MV rated as hopeless underdogs in each.

Against the Barons it was scoreless until the opening series of the second half, when they went in for the score. Mar Vista was never out of it but just couldn't quite come up with a scoring combination. When Chula Vista ran up against the Green machine, they couldn't find the goal line until with less than one minute remaining to play in the game, a 20 yard field goal put the go-ahead points on the board.

A season which began on a victorious note ended on the same note with a trouncing of Montgomery 32-14. When the alma mater sounded in the last league game, the seniors went out as victors knowing they had given their best and sometimes better than their best.

CROSS COUNTRY

L TO R, BACK ROW: A. Santana, T. Durazo, B. Betts. MIDDLE ROW: J. Coates, A. Owens, M. Hauck. SEATED: A. Martinez

The 1971 cross country team was one of the Mariners strongest teams in many years. In a sport like cross country, it isn't the victories or final scores that count. It's the constant struggle within the runner with loneliness and pain that is important.

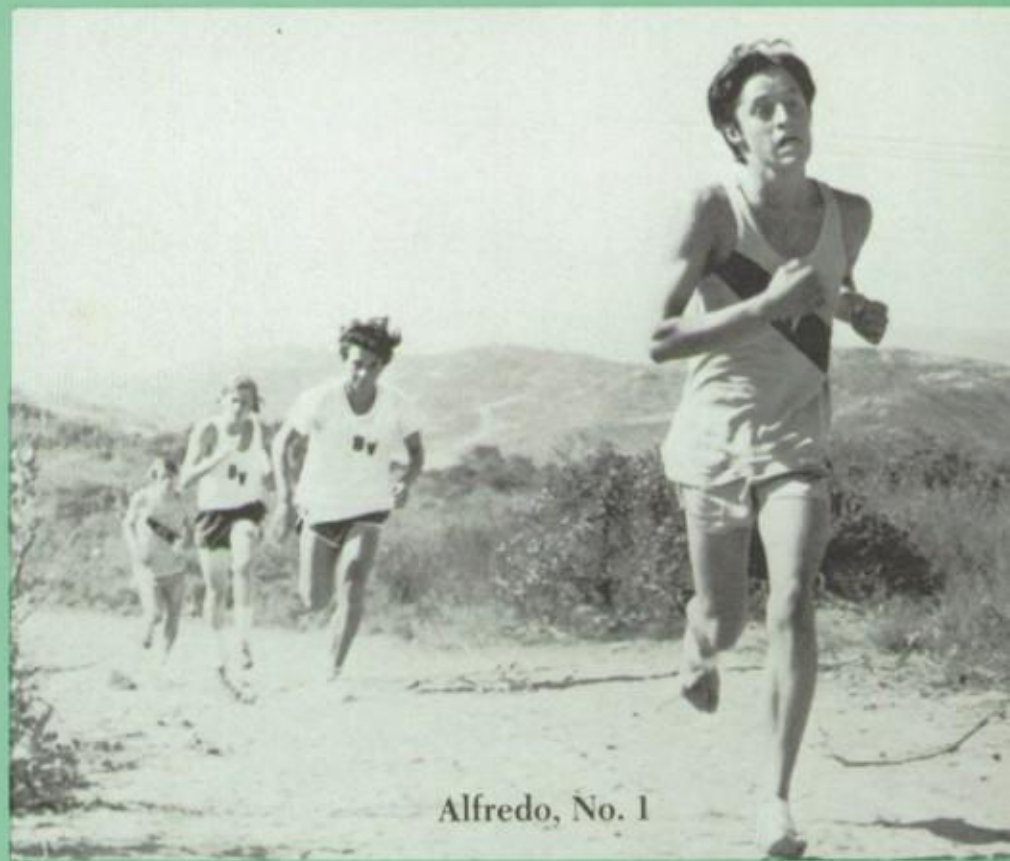

The cross country runner must battle his mind and body to push beyond his level of exhaustion, towards his personal goals. Glory or recognition is not the prize he receives, that's for others, more often than not he displays his highly developed talents before a "crowd" of five or six.

It isn't all pain though, the fine 5-3 record posted by the Mariners doesn't reflect all the painful and humorous events of the 1971 season. The second meet should have given a clue as to what was in store for the year. Alfredo Martinez, number one two miler, led the top four runners (all Mariners) off the beaten track, adding an extra half-mile to the course. MV still scored the win when the fifth and sixth men captured first and third places.

Other memorable events along the way: cold and flu hampered key men in important meets. Alfredo lost his way again, ironically the Mariners lost to Sweetwater by one point for the second straight year, the varsity showed up late to Mt. Sac after traveling 120 miles, Marty Hauck ran and won the J.V. race, Tony Durazo made a good showing at the Aztec Invitational, giving MV third place out of nine schools and Mar Vista landed two runners, Alfredo and Marty, on the all-Metro team. These were just some of the highlights in a successful year for the cross country team.

Mar Vista ahead

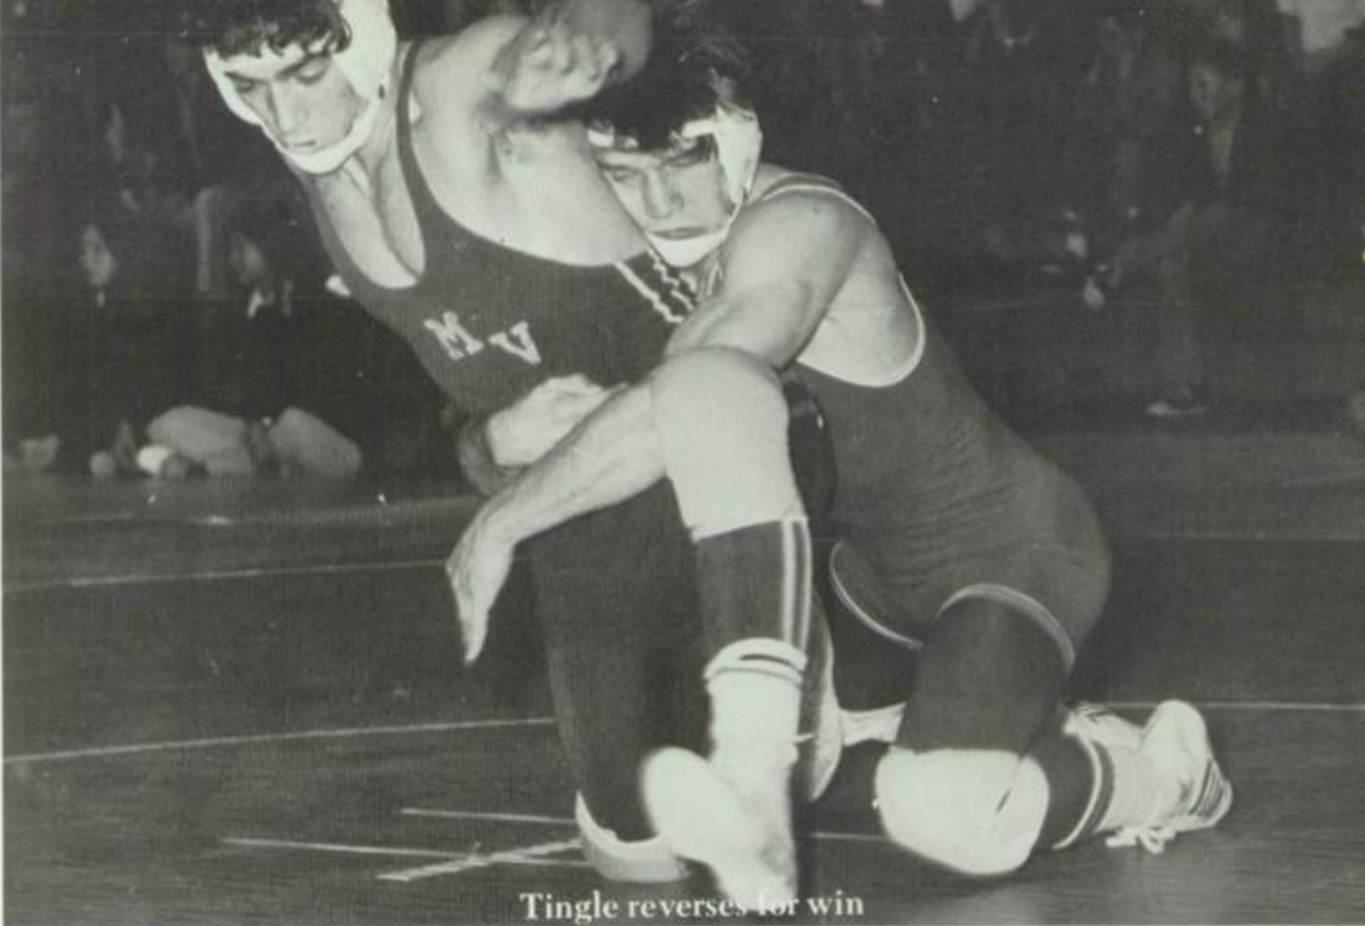

This year's team was one of Mar Vista's best hopes for a first Metro league banner. However, a couple of hard fought losses dashed all hopes of a first place finish.

The season started with high hopes as the matmen rolled over their first opponents by impressive margins. Their downfall came in one of the most exciting matches ever played at the school. The victory by Sweetwater, didn't come until the final match which gave the Red Devils a three point edge.

The following week all hopes went out the window when the deflated Mariners ran into super-high Castle Park and were destroyed.

The team pulled itself together though to finish the season in second place with strong efforts against Chula Vista and Montgomery.

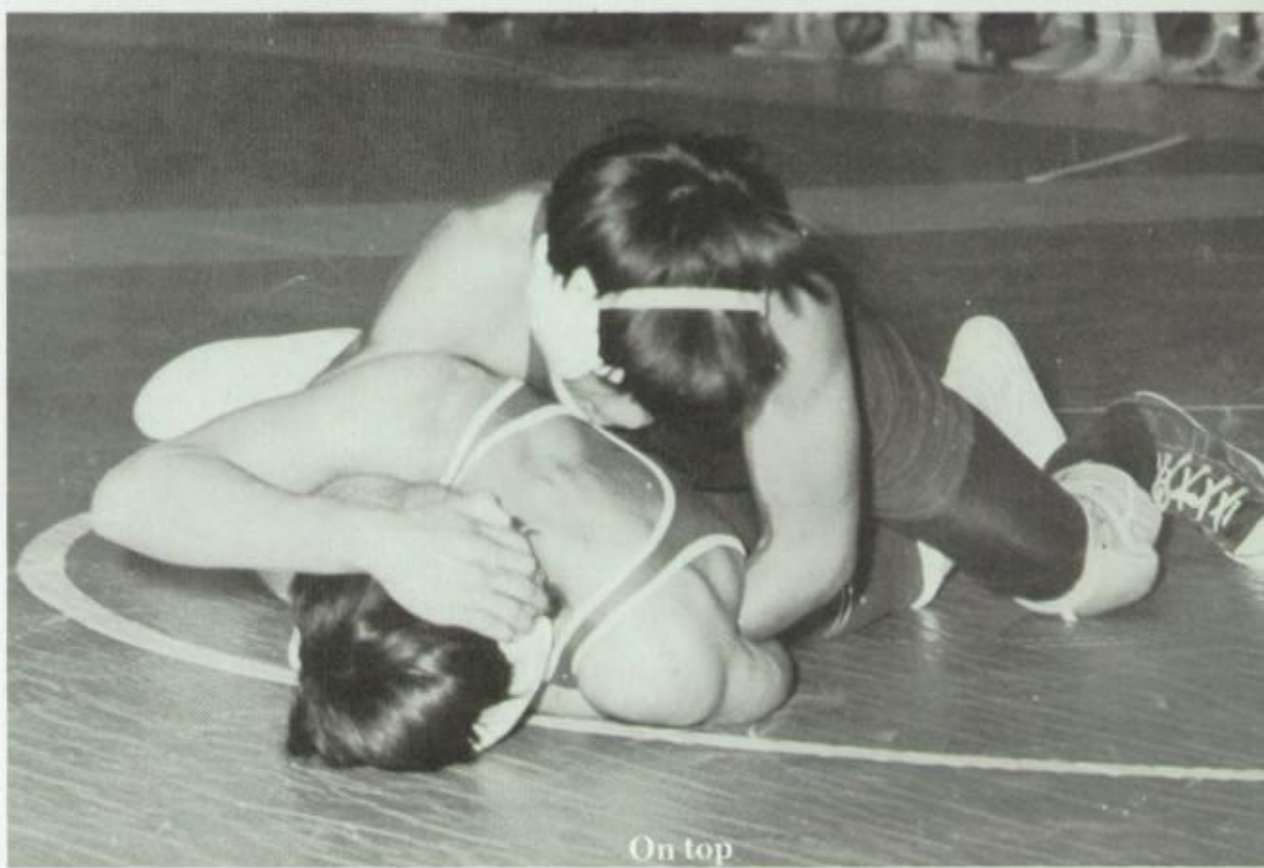

The Mariners will be losing many outstanding wrestlers such as Jerry Tingle, James Tingle, Bill Abbott, Wade Daniels, Jim Arboleda, Paul Allen and many others. However, a strong junior and sophomore section should provide the Mariners with a strong team and new hopes for a Metro league banner.

Up and in

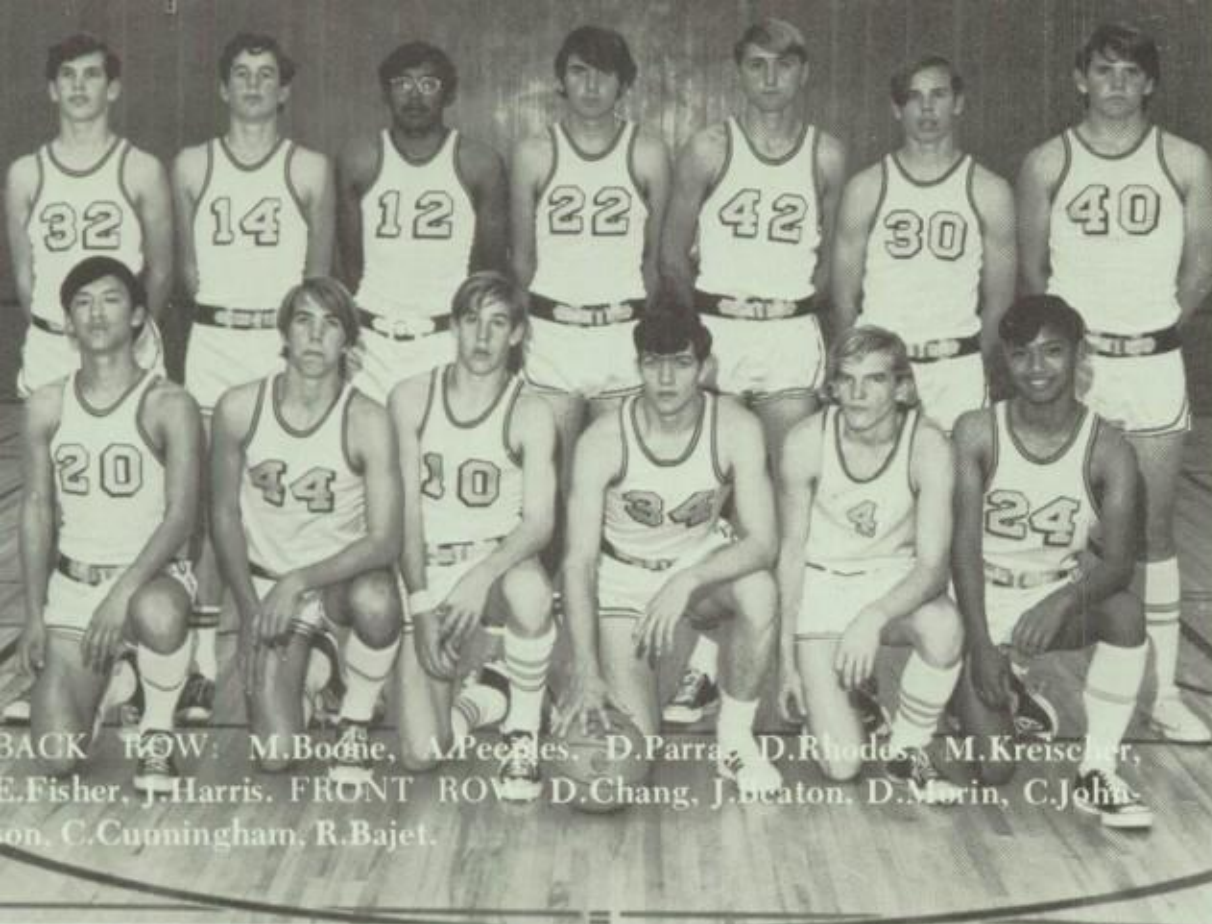

The Mariner's basketball team ran into the toughest league in many years. Though they had some of the finest players in their history they couldn't force their way out of the middle of the league standings. The team fielded a strong starting five, the position of forward was MV's strongest point, with three year varsity lettermen, Pete Weichert and Mark Schenewerk. MV's big man was Jim O'Brien who in his first year of varsity play was a valuable point scorer and rebounder.

The regular starters at the guard position were Jose Neves and Chuck Arnold. When the Mariner front line was cold, either Jose or Chuck generally made up the score with a high point total.

Some of Mar Vista's finest games came during pre-season when they amassed a 9-4 record which included being named the Kiwanis consolation champions. The Mariners held their own when playing against some of the finest teams in the county, which was especially evident in their resounding victory over top Grossmont league, San Dieguito.

During the league season the good games balanced with the bad to provide the players a satisfying season and the knowledge of a job well done.

The Mariners waged a tough battle for third place with Chula Vista for a CIF playoff berth.

Mar Vista's seniors provided their school with the athletic highlights of the 1971-72 sports year.

At the time of this writing the wrestling and cross country teams, both primarily seniors, have had the most successful seasons. The wrestlers took a second, and the distance men pulled down a third place.

Invitational tournaments, when the Mariners competed outside of the tough Metro league, were their most successful endeavors and provided Mar Vista a showcase for their individual stars. The cross country team captured a third place in the Aztec Invitational and the basketball team had its greatest success in the Kiwanis tournament.

Football experienced a hard luck year, with key men put out of action by injuries. There were several hard fought games in which the M.V. defense shone against the Metro's best.

The sport where Mar Vista has gained county prominence has been soccer. In their first year in CIF they have been at the top of the Bay League all year long. Armando Santana has been a leading scorer and along with Francisco O'Connor has provided the Mariners with a strong scoring team.

Their main opponent has been Montgomery and a strong rivalry has developed which should continue for years. At this writing the track and baseball teams both stand good chances of capturing Metro league titles.

In a poll taken among the Metro coaches, Hilltop and Mar Vista were picked as co-favorites to take first place. Seniors Rene Quinones, Ismael Sanchez, Dave McMahan, among many others, should give the Lancers a race for the crown.

The track team looks stronger than it has in years. Led by three year varsity lettermen Alfredo Martinez, Marty Hauck, and Doug Diaz and a strong mile relay team, rated number one in the county, the Mariners are deep in all races.

After two years of near misses in track this year could see the banner return to M.V.
